

**ROCKLAND COUNTY TRAPPERS ASSOCIATION  
PO BOX 705  
TALLMAN, NY 10982  
WWW.ROCKLANDTRAPPERS.COM**

**MEMBERSHIP APPLICATION**

As Rockland County residents, we are offered the opportunity to participate in many outdoor activities. These activities include the privilege of trapping. The Rockland County Trappers Association feels compelled to preserve this outdoor lifestyle.

The Association proudly educates the public on trapping and its benefits. We feel that the sport of trapping is an ancient tradition that needs to be carried out ethically to preserve its integrity. Often without proper education, people form misconceptions about what trapping entails. The fear of rabid animals and foot traps in suburban communities often breeds unnecessary fear of our sport. Working in coalition with the New York State Trappers Association, Rockland group members have been successful in protecting the right to harvest furbearers in our region.

As an organization, we feel that our perspective must be respected and considered by politicians and law makers. Your support would increase the likelihood of us achieving our initiative. Our monthly meetings are held the first Tuesday of every month at the Christ Lutheran Church in Airmont, New York. As trappers and supporters of the outdoors, we gladly encourage you to join.
